

NATURHAUS Clean & Polish

Product information: NATURHAUS *Clean & Polish* is a maintenance product used to clean, protect, and build sheen on sealed and waxed floors of all types including wood, cork, linoleum, and stone. It is gentle in nature and can also be used for furniture, cabinets and panelling to loosen and remove fingerprints, smudges and dirt. NATURHAUS *Clean & Polish* is made from a mixture of precious plant soaps containing soy and palm oil. It also contains fats for surface revival, and natural resins that will aid in the protection of floors. Just one liter of NATURHAUS *Clean & Polish* per 10 liter of water and a damp-mopping or machine cleaning on a regular basis is all it takes to begin a program of exceptional care. For additional sheen after cleaning with NATURHAUS *Clean & Polish*, we recommend treating with NATURHAUS *Floor Milk* (Prod No. 02400), NATURHAUS *Furniture Polish* (Prod No. 02600).

Note: do not use on wooden surfaces with damaged oil or wax finishes.

Ingredients: Coconut soap, soy oil soap, linseed oil, wood oil stand oil, natural resins, casein, purified water.

Application: NATURHAUS *Clean & Polish* should be applied after dilution with water directly to the floor surface, allowed to dry for 10 to 15 minutes, then buffed lightly with a dry mop or machine buffed with a white pad (fine texture). For furniture or small areas wipe with a soft clean cloth. For resistant dirt, repeat cleaning or apply product undiluted.

Physical properties: Density: approx. 1.01 g/ml; viscosity approx. 12 seconds (ISO 2431, 4 mm).

Test specifications: DIN EN 71-3 (security requirements for toys intended for children).

Hazard classification: The product does not require labelling according to *Council Directive 1999/45/EEC*.

Storing conditions: Keep the original container tightly closed and store in a dry, frost-free area. The product can be stored for up to 2 years.

Security and disposal information: Keep product away from children. Empty containers completely and send to a licensed recycler. Dispose of used or contaminated product in accordance with local authority requirements. For further information, please ask for our EC material safety data sheet.
